ADDITIONAL NOTES & CLIENT-SPECIFIC FINDINGS

Client request - reefer breakdown endorsement: Confirmed present on policy. Spoilage coverage subject to a separate \$50,000 sub-limit and a continuous-run condition. Client should review the sub-limit against load value. Client request - unattended vehicle condition: Policy contains a secured-parking requirement for unattended stops exceeding 2 hours. Finding: Second driver listed on the tender was not found on the carrier's schedule of drivers at time of verification. Reported as Not on policy above. Commodity note: No scheduled-commodity exclusion identified for the described freight.
--

How this was confirmed. The details above were confirmed by direct contact with the carrier's insurer or authorized agent on the date and time shown, under authorization on file from the carrier. Verification Proof, the underlying correspondence and contact log, is available on request.

Clear Path Verify, LLC confirms cargo legal liability insurance and, where requested, designated driver and power unit listing, as of the time of verification. It does not verify automobile liability, general liability, or workers' compensation, and is not a broad fraud-investigation, KYC, or identity-verification service. This report reflects what was confirmed at the time stated; coverage, drivers, and units can change afterward. This report supports the client's documentation of reasonable care and does not guarantee coverage, eliminate fraud or theft risk, or determine legal liability. This is a sample document for illustration; it does not reflect a real carrier or policy. © 2026 Clear Path Verify, LLC.
